In September, we wrote off 17 SSA checks via a general journal entry dated 9/20/17. These checks, created October 2016, comprised of the entire prior outstanding check list. Then we replaced these checks with new bank checks from Signature made out to SSA for the same amounts and with the issued in September 2016 and same recipients as before (as noted on the face of the checks). Recent communication with the SSA informed FECS that only check# 013905 is currently outstanding.

Note:

In September, we wrote off 17 SSA checks via a general journal entry dated 9/20/17. These checks, created October 2016, comprised of the entire prior outstanding check list. Then we replaced these checks with new bank checks from Signature made out to SSA for the same amounts and with the issued in September 2016 and same recipients as before (as noted on the face of the checks). Recent communication with the SSA informed FECS that only check# 013905 is currently outstanding.

*Based on holdings' yield to maturity for last 30 days; distribution may differ. For updated information, visit vanguard.com.

Beginning on January 1, 2012, new tax rules on taxable (nonretirement) mutual fund accounts (excluding money market funds) require Vanguard to track cost basis information for shares acquired and subsequently sold, on or after that date. Unless you select another method, sales of Vanguard mutual funds, but not ETFs, will default to the average cost method. For more information, visit vanguard.com/costbasis.
